Every safety measure counts. When you protect a worker, you safeguard a precious life.

- **Stanley SAFETY** specialises in the manufacturing of safety products.
- The facility covers an area of 1 acre and employs over 100 skilled employees.
- To sustain and surpass its commitment, STANLEY SAFETY consistently invests in the necessary resources.
- This includes working closely with suppliers on new product innovation and development.
- This has made it possible to produce products that suit the Indian physiological profile.
- These products take into account fit, comfort, preference, and the tropical climate

Our Production Unit

Helmet Moulding

Discover state-of-the-art protective headgear through our Helmet Moulding process. Our helmets seamlessly blend impact resistance and wearer comfort, ensuring uncompromised safety in various environments.

Glove

Experience unmatched hand protection with our Gloves collection. Engineered to shield against diverse hazards, these gloves offer exceptional dexterity, keeping hands safe and productive.

Safety Shoes

Step into confidence with our Safety Shoes. Designed for optimal safety and comfort, these shoes feature reinforced toes, robust soles, and optional electrical hazard resistance, providing reliable protection on every stride.

Safety Spectacle

See safety clearly with our Safety Spectacles. Equipped with impact-resistant lenses and adjustable frames, they offer unparalleled eye protection while maintaining crystal-clear vision.

Harness Production

Elevate fall protection with our Harness Production line. Our harnesses ensure a secure fit, featuring adjustable straps, dependable buckles, and robust connection points, keeping workers safe at heights.

Ear Plugs Production

Preserve your hearing with our Ear Plug Production. Crafted for comfort and noise reduction, our ear plugs provide a peaceful work environment, prioritising your auditory well-being.

Kernmantle Rope Production

Reach new heights of safety with our Kernmantle Rope Production. Our ropes combine strength and flexibility, making them essential for climbing, rescue, and industrial applications.

Stitching Section

At the heart of reliability lies our Stitching Section. Meticulously assembled, our safety equipment, including harnesses, gloves, and more, ensures durability, reinforcing your trust in Stanley Safety's commitment to protection.

Head Protection

Elevate workplace safety with our cutting-edge Head Protection solutions. From robust helmets to innovative suspensions, our range ensures comprehensive safeguarding across various industries.

Features

- High-impact resistance: Provides protection against falling objects and impacts.
- Adjustable suspension system: Ensures a secure and comfortable fit for various head sizes.
- Ventilation channels: Promotes airflow to keep the wearer cool during prolonged use.
- UV-resistant shell: Protects against harmful sun rays, increasing durability.
- Compliance with safety standards: Meets or exceeds industry safety regulations.

Silver Helmet

Experience optimal head protection with our Silver Helmet. Crafted with precision and durability in mind, this helmet ensures safety without compromising on comfort. The sleek silver design adds a touch of style to industrial-grade protection.
